

TATITLEK BUSINESS ACCELERATOR PROGRAM APPLICATION

The Tatitlek Business Accelerator is a one-day course that teaches attendees how to start a business or take their existing business to the next level. The program covers topics such as market research, business planning, product development, marketing, sales, finance, loans, and legal aspects of entrepreneurship. The program also provides attendees with access to mentors, experts, investors, and peers who can offer guidance, feedback, and support. Attendees will also have the opportunity to participate in follow-up sessions to assist as they take their knowledge and put it into action.

The course is designed for anyone who wants to learn how to start a business or grow their existing business. Whether you have an idea, a prototype, or a product/service, or nothing at all, the program can help you understand how to start your own business, refine your value proposition, and develop your business model for success. The program is also suitable for existing entrepreneurs who want to formalize their existing small business or pivot their strategy.

The program welcomes participants 18 years of age or older from any industry, background, or experience level and is open to all Tatitlek shareholders and descendants.
